The first of the Saturday night dances in the spacious Hamilton living room was an unqualified success in every way. Over fifty couples were present including the guests and the cottagers to whom invitations had been extended. The affair was rather formal, and full dress was the rule. Cunningham of Sharon Hill, Pa., in white lingerie with white lace insertions; Mrs. C. H. Some very striking costumes were seen, among which were; Mrs. T. B. H. Stenhouse in a black satin Empire gown with black lace net yoke and Nazimova collar trimmed richly with jet; Mrs. A. P. Bicknell of Dorchester, in white organdy with white lace; Miss Edith Schnurr in pink organdy with pink satin stripes; Miss Mabel Schnurr in white embroidered Swiss; Miss Hart-Lester Harris in light blue gray satin foulard with white lace yoke; Miss Dorothy Ball in gray silk mulle over pink; Miss Anna Christensen in blue-green silk; Mrs. W. The Wednesday evening parties will be informal while those of Saturday evening will be formal. Admission to both will be by card. The function of the present week bids fair to outshine the premiere dance of last Saturday.

### Merriconeag House.

#### SOUTH HARPSWELL RESORT EN- JOYS REMARKABLE EARLY SEASON PATRONAGE.

An Ideal Objective Point for a Day's Trip from Portland.

The Merriconeag House has exceptional advantages in caring for tourists who come down the bay for a day's outing only, as the location is ideal and the steamer service excellent. Manager Pierce serves shore dinners as well as the regular menu, and judging by the favorable comments heard by guests neither can be surpassed anywhere in the bay.

Mr. and Mrs. F. G. Cart and sons, Theodore and Francis J. Cart Jr., and daughter, Miss M. W. Cart of Mount Vernon, New York, are season guests at the Merriconeag. This is their first summer at Harpswell, but they were on Chebeague last season.

Mrs. C. H. Brown of Balesville, Oklahoma, was the guest of her sister, Miss Nellie C. Phelan of Portland here for a few days last week.

Mrs. M. D. Farrar of Brooklyn, N. Y., spent last week at the House.

Mrs. Fred A. Cook, whose husband is the famous Arctic explorer, and daughters, Misses Ruth and Helen Cook of New York were registered here last Wednesday for a brief stay.

Mr. and Mrs. William A. Richardson of Bowdoinham, Maine, ran down here in their automobile one day last week for a shore dinner at the House.

Recent guests here were Mr. and Mrs. J. H. Higgins and daughter, Miss Alice G. Higgins of Newburyport, Mass. Mr. Higgins is on the editorial staff of the Newburyport News.

Major Joseph Gildersleeve and son Mr. Nelson Gildersleeve of Brooklyn, N. Y., are registered here for the season. The Major may only be here for July, but Mr. Nelson will be a season guest. Major Gildersleeve always touches off the small cannon to salute the steamers. He was entertained last week by his old college chum, Stephen Toothaker, with a fish dinner.

The fishing parties from the house who have gone out with Captain Getchell in his sloop, have had excellent luck the past week, bringing in good catches of cod.

### Baseball Outlook.

#### PROSPECTS PROMISING FOR A FAST TEAM THIS YEAR.

Manager Robbins has Procured Good Grounds.

Chebeague will be a decided factor in the race this season for the championship of the island and other local amateur teams. The prospect which at first appeared as rather dubious has now with the arrival of several players of proven merit taken on a decidedly rosy tinge. Raymond Hill, captain of last year's team, and a player of the first water has arrived and will cover first in his own inimitable style. With him has come Mr. Will Starr with an excellent reputation as a catcher, who should undoubtedly make good at the receiving end of the battery. At present the weak spot appears to be the pitching department, although Soule pitches a week ago Monday against Freeport put up an excellent brand of ball. Later in the season there will probably be more material on hand from which to develop a winning slab artist. What is now needed most to weld the present material into a winning aggregation is the opportunity for batting and fielding practice, a chance to bring out team work, that element so important in base ball, as played today.

Manager A. C. Robbins has secured the grounds in front of the Hill Crest for the season, and the work of putting them in playing condition will be begun shortly. Manager Robbins has started on his schedule, and he plans to play Wednesday and Saturday games throughout the season. The first home game of the year will be Saturday, July 17th. Manager Robbins is doing all in his power to put out a winning team, and the people of the island should heartily support him by lending their enthusiasm and turning out to the games in goodly numbers.

### Opening Dance.

#### THE FIRST DANCE OF THE SEA- SON HELD AT HILL CREST HALL.

An Enjoyable Time for the Comfortably Large Dancing Crowd.

Last Thursday evening the doors of Hill Crest Hall were thrown open for the first of the semi-weekly dances given by the management of the Hill Crest Hotel. A crowd of cottagers and hotel people, which comfortably filled the hall was present, and everyone enjoyed the dancing to their heart's content. Walter Rogers presided very acceptably at the piano.

A pleasant feature of the evening was the impersonation of an English duke done by little Miss Viola Kneeland of Dorchester, Mass. Miss Kneeland, dressed in a lavender silk coat and tall hat sang very cleverly and danced with much grace. Her assurance and self ease were very pleasing. After numerous waltzes and two steps interspersed with scotch-tunes and barn dances, the party broke up about eleven o'clock. Many pretty toilettes were noticed. Among those noted at the dance were Mr. and Mrs. A. P. Bicknell of the Hill Crest, Mrs. Wilfred H. Cunningham, Mr. Edgar H. Paine, Miss Dorothy Ball, Mr. Raymond Hill, Mr. Will Starr, Miss Helen Oliver, Miss Pauline West, Mr. Daniel Harris, Miss Hart Lester Harris, Miss Helen Taft, Mrs. A. A. Kneeland, Mrs. Thomas Greenwood, Miss Dorothy Greenwood, Miss Cheney, Mr. Richardson, Miss Esther Cooke, Mrs. Harry Cooke, Mr. Frank Hunneman, Miss Mary Wilsey, Mr. John S. Crowley, Mr. S. B. Putnam, Mr. Thornton Chase, Jr.

### Peaks Island House.

#### THRONG OF JULY TOURISTS CON- TINUES TO ARRIVE AT THIS POPULAR HOSTELRY.

Many Former Patrons Numbered Among The Arrivals.

Proprietor Ralph E. Rowe of the Peaks Island House, one of Casco Bay's most famous and popular hotels, reports the arrival of a large number of new guests during the past week. Many of the rooms at the house have now been engaged for the season and over one hundred and fifty people took dinner at the house on Sunday. While a number of the present guests have been sojourners at this popular resort for several seasons, the larger part are visiting the island for the first time, showing that the reputation of Peaks Island and its hotels continues to grow from season to season, in spite of its already wide reputation as one of the leading summer resorts of the Maine coast.

The usual schedule of entertainments and diversions which has served so capably to make the evenings pass pleasantly for the patrons

### A Delightful Place to Dine.

of this hotel in previous seasons is now being followed out as formerly.

On Monday a number of the guests formed a theater party which enjoyed the presentation of "The New Scuth" by the new stock company playing for the season at the Gem Theater. The Wednesday evening whist party planned by Mr. John McCrillis of Boston, a patron of the house, who has spent several previous seasons here, proved a most enjoyable means of passing the evening. Captain Randall was awarded the first prize for the event, a handsome Japanese rose lat. Dancing was in order Friday night as usual, and on Sunday the Ely Trio furnished a much appreciated concert in the hotel parlors, playing with their usual pleasing style. The Trio is located at the house permanently and is made up of Miss Una Kelly, pianist; Mrs. Ely, violinist, and Miss Heth, cellist.

Among the many parties which remained at the house over the weekend was the one made up of members of the Patriotic Whist club of Lewiston and Auburn. The ladies, who arrived at the hotel on Saturday had a most enjoyable sojourn on the island. A sailing party was enjoyed by the club on Sunday, while an automobile tour of the island was also made during the stay. Among the ladies who made up the party were Mrs. Mae Bailey and Mrs. T. S. Murphy of Lewiston, Mrs. Myra Bigelow, Mrs. Marie Crafts, Mrs. Eva Keene, Mrs. George Manley, Mrs. Lennetta Frank, Mrs. Helen Libby, and the Misses Edith Wilson, Annie Hitch-

cock and Grace Merron of Auburn.

Not a few of the patrons who have registered at this hotel during the last few days have been former visitors to Peaks Island, and always select this spot for their summer vacation in spite of the attractions of other resorts, as they know what they will find here, bracing climate, fine air, pure water and most charming surroundings. Dr. Newton S. Bell, who registered for the season on Saturday, returns here again after many seasons spent at the house.

Among other arrivals, last week were: Mr. and Mrs. George Murphy of Boston, who will spend the month at the hotel. Mr. Murphy is chief trunk officer for the city of Boston.

Mr. and Mrs. F. F. Lawrence of Skowhegan, Me., are now numbered among the throng of visitors who are enjoying the charms of the island. Mr. Lawrence will be remembered as Master of the Skowhegan Masonic order.

Judge Henry C. Peabody of Portland, a judge of the Supreme Court of the state of Maine, made a short stay at the hotel last week.

### PATRONS PLEASED.

The summer schedule of the Casco Bay and Harpswell Lines is giving universal satisfaction to the patrons of the road both in the upper and lower bay. On every island we have heard nothing but approbation for the arrangement perfected under the management of Mr. George W. Beyer.

NOT CHANGED BUT GLORIFIED.

Written in loving remembrance of dear Aunt Fanny Peck, who left us for the other country in Paradise, Sunday, May 16, '99 from her cottage, Bailey's Island, Me.

O, dearest friend, we saw thy white soul shining Behind thy face, Bright with the beauty and celestial glory Of an immortal grace.

Can it be possible no word shall welcome Our coming feet? How will it look, that face that we have cherished, When next we meet, Will it be changed, so glorified and saintly That we shall know it not? Will there be nothing that will say "I love thee and I have not forgot?"

O, faithful heart, the same loved face transfused, Shall meet thee there: Less sad, less wistful, in immortal beauty, Divinely fair.

The mortal veil washed pure with many weepings, Is rent away And the great soul that sat within the prison, Hath found the day.

In the clear morning of that other country, In Paradise, With the same face that we have loved and cherished, She shall arise!

Let us be patient, we who mourn with weeping, Her vanished face, The Lord hath taken, but to add more beauty And a diviner grace.

And we shall find once more beyond earth's sorrows, Beyond these skies, In the fair city of the sure foundations, Those heavenly eyes,

With the same welcome shining through their sweetness, That met us here, Eyes from whose beauty God has banished weeping,

And wiped away the tear, Think of us dearest one while o'er life's waters, We seek the land, Missing thy voice, thy touch,

And the true helping of thy pure hand, Till through the storm and tempest safely anchored, Just on the other side,

We find thy dear face looking through death's shadows, Not changed, but glorified.

—Guy Walter Weymouth.

## UNWARRANTED BY FACTS.

REPORT OF LIQUOR SEIZURE AT BAILEY ISLAND OVERDRAWN CONSIDERABLY.

No Local or Portland Parties Implicated and Little Stuff Proven Delivered on Island.

The story which appeared in a Portland Sunday paper in regard to a liquor raid in Mackerel Cove on Saturday night has aroused the highest indignation of the permanent residents here. Not only did the writer grossly exaggerate the facts; he made some absolute misstatements which were not at all justified by those facts. Among the objectionable statements was, "Conditions at Bailey Island have been notorious for some time." The article also read, "Sheriffs find liquor on fishing schooner," and, "This schooner has been making frequent trips to the island, and disposing of a large amount of the stuff to the fishermen." Also, "This schooner has left Portland several times a week with liquors, and has had its anchorage at Mackerel Cove."

The facts of the case as learned at first hand by the representative of the Breeze are these. A 25 foot motor boat said to be owned by Peter Connolly of Boston was seen here for the first time on the 4th of July. She lay in Mackerel Cove Saturday night, and was boarded at 9 o'clock p. m. by Constable Herbert L. Robinson of Brunswick and Deputy Sheriff Lincoln H. Colby. About 10 gallons of rum and whiskey and 400 bottles of beer and ale were seized.

The men in charge of the boat gave the names of George Johnson and Thomas McPee. The former was afterwards discovered to be an alias. It is understood that very little liquor was sold on Bailey Island. The boat came down from Boston; not from Portland as the Portland paper stated. As to the line reading "conditions have been notorious," this was an absolute falsification. An unfortunate coincidence is that one of the men arrested gave the name of George Johnson, a respected resident here, who is in no wise implicated, as he is out on Georges Banks, fishing. The article as written was highly derogatory to the reputation of the fishermen of Bailey's, and they are justly indignant that such a libellous tale was published.

Lepor Not Dangerous.  
The controversy over Mr. Early,  
the supposed leper, and the proposal  
to bring him to this city for treat-ment are a reminder of the horror  
and aversion with which leprosy has  
been regarded from early ages.  
There is no doubt that its effects up-  
on its victims entitle it to be thus  
regarded, but those who have seen,  
for example, men most obviously af-  
flicted with the malady peddling lot-  
tery tickets about the streets of a  
city and being freely patronized are  
inclined to be skeptical of its in-  
tense contagiousness. Lepers should  
undoubtedly be kept in reasonable se-  
clusion, and in certain stages of the  
disease the utmost possible seclusion  
is perhaps desirable—indeed, for other  
reasons than the prevention of  
contagion it is often necessary. But  
there is no occasion for so shunning  
contact with them as to leave them  
to inhuman neglect.—New York Tri-  
bune.**Sympathetic Magic.**"A friend of mine came across a  
native sitting in the veranda of a  
house from which groans proceeded,"  
E. Thurston stated at the Royal So-  
ciety of Arts in a lecture on the natives  
of southern India. "He learned that  
the man's wife was sitting on a  
swing studded with sharp nails in  
order to cure him by sympathetic  
magic of some trifling ailment."—London

\* New moon.

Why is it that when people register at a hotel, they invariably use a chronograph which would require an expert to decipher. Look at any hotel register, and the pages look as if files had paddled in the ink-well and then meandered along the lines.

Heard on the Aucoisco: "I think it is an outrage that tea is not served to passengers on the steamers." Perhaps the stokers could brew some down in the boiler room, and the deck hands could pass cups around on silver trays. At least Engineer Jack Lamy of the Maquoit would be very glad to serve it himself.

The season of the boat rocking foot is at hand. Unfortunately this genus appears every summer apparently undeterred by the long yearly list of calamities which can be directly laid at his door. Boating is a splendid sport, but it demands a heavy toll of the foolhardy. Do not rock the boat. A word to the wise is sufficient.

If one glances over the arrivals on the islands of Casco Bay in the columns of the Breeze he cannot help from being struck by the large number of teachers and college professors that spend their vacation in this summer Garden of Eden. And well is it so, for there are few spots that offer such opportunity for nerve resting recreation and for the quiet studious life of the scholar.

The splendid fighting flotilla assembled off Provincetown must indeed be an awe inspiring sight. But when we consider the enormous cost of a modern battleship, and reflect that in twenty years these masses of

iron and steel will be antiquated and ready for the scrap heap, we cannot but feel a doubt as to whether our great national income is being wisely used. We are a strong, rich country cry the false optimists; the wall of the pent up suffering poor of the great cities rises ever louder. Let us count the cost.

A record achievement in the movement of a heavy freight train has been accomplished on the Pennsylvania railroad between Altoona and Enola, near Harrisburg, Pa., relates the New York Tribune. To determine what could be done in actual road service, as the result of some of the company's recent expenditures for improvements, 85 steel gondola cars, loaded with a total of 4451 tons of coal were attached to a freight engine of the most improved type. The total weight of the train was 6151 tons, and its length from the point of the locomotive to the rear platform of the cabin car was 3000 feet—nearly three-fifths of a mile. The run of approximately 124 miles was made in seven hours and 15 minutes, the average speed of the train being about 17 miles an hour. The company had made a number of road tests previously, but this performance surpassed all others.

For a time as long as most of us can remember people have been demanding uniform divorce laws, avers the Hartford Courant. The demand for uniform marriage laws may be pressed with equal vigor. In some parts of the state of Washington, including the larger cities, there has been a reduction of nearly one-half in the number of application for marriage licenses since the law requiring the presentation of medical certificates went into effect. There was an unusual demand for licenses just before the law became operative, but this does not fully account for the falling off since. Those who wish to marry and either cannot meet the new requirements, or do not care to bother with them, go to another state, or cross over into Canada, and have the ceremony performed. It is just as easy for people with the privilege of a railroad ticket to evade a marriage law as it is to get around a divorce law.

#### Peaks Island

Dr. and Mrs. F. E. Bickford arrived from their home in Swampscott, Mass., the first of the month and opened their delightful summer cottage, the "Valette" on Torrington Point. They are accompanied by Miss Mary Maude Reed, principal of the well known Prospect Park grammar school at Paterson, N. J., who will spend the season with them. Mrs. Bickford has also been recently joined by Miss Martha E. Thacher, head of the Latin department in the high school of Williamsport, Penn.

On Friday the ladies of the "Valette" cottage resumed their weekly theatre party at the Gem theatre, which has proved so popular in past seasons. The party attend the theatre weekly on a certain night throughout the season and have engaged their customary seats for the summer. The "New South" was the attraction last week, and proved a most interesting little tale of the North and South after the rebellion.

Among the other guests who have enjoyed recent outings at the "Valette" as the guests of Mrs. Bickford are Miss Emma Willey, who came up for a few days from Swampscott and Mrs. Mary C. Page, matron of Hebron academy, who enjoyed a short sojourn here while on her way to Boston, where she will spend the summer.

They have been joined by Mr. Johnsonburg's father and sister, who are greatly pleased with the attractions and life of Casco Bay. Mr. Johnsonburg is a well known contractor in Arlington, Mass.

Many old residents who have been away from Peak's Island for some years continue to return here from time to time to renew old associations and acquaintances. Among the recent visitors of this class was Mr. Herbert Ockington, claim agent of the St. Louis Street Railroad Company, who was connected with the old roller coaster and skating rink fifteen years ago. WORLD'S FINEST SYNAGOGUE.

Built by Pioneer Jews in Amsterdam When Driven From Spain.

In the midst of the Jewish quarter stands the pride of Amsterdam Jews, the grandest synagogue in the world. It is "great" in everything—in its size, its proportion, its age and traditions. There is no synagogue like it anywhere, says the Jewish Chronicle, and while it stands there cannot be anything like it.

The great temple in the Rue de la Victoire in Paris may perhaps be larger, the splendid synagogue in the Oranienburgerstrasse in Berlin may be more ornate, but the Portuguese synagogue in Amsterdam has a glory all its own. Its majestic columns, its solid oak, its noble ark and its lovely windows all speak eloquently of the type of Jew that sought the hospitality of Holland when the cruel and shortsighted policy of the Spain of those days drove the pioneers of the community into the hardy little northern country.

The history of the congregation is not, however, one unbroken record of peace and glory. Curiously enough, its early members, free themselves from persecution; seemed at times to make up for the persecution they had

endured by their own internal intolerance.

Their treatment of Uriel Acosta is a most painful chapter in their local history, and their attitude toward Baruch Spinoza was an error for which no compensation can ever be made. To the visitor to the synagogue is still shown the seat which Spinoza is supposed to have occupied, but the tradition is probably apocryphal.

### Peanuts.

It is really a curiosity to learn that most of the world's supply of peanuts comes from Africa. The exports of peanuts from the French colony of Senegal on the west coast of Africa, were in the latest available year, over 302,800,000 pounds, from Gambia, also on the west coast of Africa, 97,300,000 pounds, making a total of over four hundred million pounds from Africa alone. The exports from the East Indies in the latest available year were 202,700,000 pounds. The total exports from all other foreign countries was 48,800,000 pounds. The total production outside the United States is about equal to 30,200,000 bushels or 221-10 pounds to the bushel. The United States Department of Agriculture does not make an annual estimate of the peanut crop, but at the time of the last census 517,000 acres were devoted to it and the crop amounted to 11,930,000 bushels, about 23 bushels to the acre. The United States production is nearly sufficient for the home supply.—Seymour Record.

Cuba's tobacco production in 1908, manufactured and unmanufactured, was of the value of \$45,000,000 gold, of which \$11,000,000 worth was used for home consumption. Exports were Leaf tobacco, 40,000,000 pounds (increase over 1907, 19,000,000 pounds); 188,000,000 cigars and 10,000,000 cigarettes.

### Sons of Rest.

By DANIEL ARTHUR.

Just why the United States of America, and more particularly the State of New York, should cultivate and encourage the tramp is a mystery. No other civilized community on the face of the earth pampers him as we do. We are adding new recruits to his army daily by treating him better in many respects than the man who does work. Why is the man who is willing to work and actually does pay his board bill to the world saddled with a parasite like this? European States have solved this problem long ago, and to-day it is a rare sight to see a "criminal tramp," a "neuropathic bum," or a "train hobo" in Holland, Belgium or Switzerland, if you travel from end to end of these countries.

What is more, it costs nothing to cure this great evil. We have from 500,000 to 700,000 of these cheats in our country, and it costs the railroads in the United States over \$25,000,000 annually to handle their end of this trouble alone.

Ask our police force how often it has to round up these vagabonds; ask our Commissioner of Charities about it; ask the Charity Organization Society whether a Broadway or Bowery bread line cures or cultivates the evil, and then ask New York City how many thousands of dollars a day it costs?

The Empire State should lead in this matter and other States would soon follow. We of course have our high ideas about trespassing on the liberty of an individual, even if he is a "criminal tramp," but justice to the working bees should come first. Take this fact into the calculation. A large percentage of these tramps are husky young fellows, under twenty-one years of age, and if they were inoculated with the work bacillus before they reach thirty they would be happier men at fifty. In Switzerland everybody works, everybody is happy, and there are practically no tramps and no millionaires within its borders.

Now, Mr. Knickerbocker, "what are you going to do about it?" You are nearing your 300th birthday; is it not time to show that you are developing some gray matter under your hat?—New York Sun.

### Sharp Retort to a Bachelor.

Winifred Shaw, a young woman employed as a stenographer in Baltimore, has made a sharp reply to a crusty bachelor who complained in a Baltimore paper that the average woman of to-day is a vain, shallow creature, who makes herself ridiculous by "painting, powdering and slandering to hideous fashions." Miss Shaw writes as a "country girl," and she starts by telling the grumbling critic of her sex "that bachelors are inferior to the majority of women at the present day." She believes that the "white lights of a large city" have blinded him to the superiority of women, and continues: "I will invite this mistaken bachelor to take a day in the broad, open country, where he will find girls whose lives are as pure and healthful as the air they breathe; girls who have no time for the extreme and artificial style of fashion; whose labor is only for love and home, and whose pleasures are of the simple kind rather than the glaring amusements of the city. These country girls would prefer to settle down in a little cottage, with contentment and happiness surrounding them, rather than in a Fifth Avenue mansion. My short experience of city life has taught me that men, by their fattery and admiration, are the cause of the extremely ridiculous fashions of the day."—New York Press.

### The Delay's Cause.

The English language has pitfalls for others than our Continental neighbors. In illustration of this an instructive anecdote has recently been imported from India. It is to the effect that when a battalion of the Middlesex Regiment was ordered to take part in a recent ceremonial parade at Delhi the commanding officer determined to refit it with new boots. He accordingly telegraphed to a Calcutta firm:

"Send 1000 pairs of boots for Middlesex by next train."

Days passed and no boots arrived. The Colonel's anxiety increased hourly. Just when he had become almost frantic, the Babu manager in Calcutta sent him this telegram:

"Order received, but not comprehended. Male sex I know; ditto female sex; middle sex, however, not known. Please send specimen."—Cosmopolitan Financier.

### Power of the Press.

The printing-press has made presidents, killed poets, furnished bustles for beauties and polished geniuses with criticism. It has made the world get up at roll call every morning, given pupils lungs of iron and voices of steel. It has set the price on a bushel of wheat and made the country postoffice the glimmering goal of country scribes. It has curtailed the power of kings. It has converted bankers into paupers and made lawyers out of college presidents. It educated the homeless and robbed the philosopher of his reason. It smiles and kicks, cries and dies, but it cannot be run to suit everybody, and the editor is a fool who tries.

### A Woman of Some Weight.

A woman who weighed 448 pounds was buried at Eye, Suffolk, England, recently. The coffin was six and a half feet long, three feet across, and two feet deep, and was taken to the cemetery on a dory, being lowered into the grave by chains and pulleys.

Mr. J. A. Blake and son Ernest of Malden, Mass., and Mr. J. G. Bridge of Newton, Mass., spent the holidays with their families at the colony.

On account of a misunderstanding, we stated in last week's issue that Mrs. H. E. Janey, who is visiting Mrs. David Parker, was the daughter of Mr. E. L. Pickard, one of the founders of the colony. The item should have read that Mrs. Parker was formerly Miss Julia Pickard.

## HILL CREST.

A LARGE NUMBER OF GUESTS AT  
CHAS. W. HAMILTON'S HOUSE.

Many Patrons Of Other Years Have  
Returned To Enjoy The Hill  
Crest Hospitality.

This season at the Hill Crest bids  
fair to equal that of last when all of  
the accommodations were taken, and  
applicants were turned away. Nearly  
sixty guests have registered, most of  
these for the season and there will  
be no departures for a considerable  
time. Mr. Hamilton and Mr. Bick-  
nell are constantly receiving felicitations  
because of the excellence of their  
meals, which are known afar.

Owing to the great popularity of  
the semi-weekly dances, Proprietor  
Hamilton is forced to restrict these  
affairs to the guests of the Hill Crest  
and their friends, as the dancing  
floor cannot comfortably accommo-  
date more. However, Walter Rogers,  
pianist at the hotel functions, is to  
give a series of Tuesday evening pub-  
lic dances at Hill Crest Hall giving a  
chance to all to exercise the terps-  
chorean art. Tickets are fifteen  
cents.

Items of interest include the arrival  
of Prof. Harry Thurston Peck of New  
York City, who will remain for an  
indefinite stay. Professor Peck,  
who is at Columbia University, and is  
an author of note, has an article in  
the July Munsey on "Discovery of  
the Hudson." This is Professor  
Peck's third summer at the Hill  
Crest.

The Rev. Francis S. Lippitt and  
his mother, Mrs. S. C. Lippitt of  
Rochester, N. Y., arrived recently  
for the season. They came to join  
Mrs. Lippitt's daughter, Mrs. C. M.  
Gross, wife of the Rev. C. M. Gross,  
rector of the Calvary Episcopal  
church of Wilkes-Barre, Penn., who  
is here during the summer. The  
Rev. Mr. Lippitt is rector of the  
Church of the Ascension in Roch-  
ester.

Mr. and Mrs. H. F. Heuer with  
their children, Masters Richard and  
Henry of Philadelphia, are making  
their first visit here. Mr. Heuer is  
the eastern representative of the  
Wayne Knitting Mills at Fort Wayne,  
Ind., one of the largest knitting mills  
of the country.

Mr. Adam L. Bangert of New York  
City, who holds a responsible position  
in the office of J. Pierpont Morgan,  
is sojourning here for two  
weeks.

Miss Lida T. Draper of Boston,  
who has been coming to this house  
for several seasons, is again here for  
her vacation. Miss Draper has been  
active in the social life, taking much  
interest in the activities of Field  
Day and being one of the leading  
spirits in giving the Domino party  
as a finale to Field Day. Her many  
friends on the island are delighted to  
greet her again.

There will be a sale at Hill Crest  
Hall, Friday afternoon and evening,  
Aug. 6th, the proceeds of which will  
be for the building fund of the new  
church. Mrs. A. P. Bicknell of  
Dorchester, Mass., has kindly con-  
sented to take charge of the fancy  
article table, and she will be assisted  
by other ladies interested in the project. Mrs. Bicknell requests that  
all donations for this table be left  
with her at the Hill Crest.

## The Hamilton.

NEWSY NOTES OF DOINGS AT  
CHEBEAGUE HOTEL THE  
PAST WEEK.

Entertainments And Dances Fill In  
The Evenings.

Mr. J. W. Babbitt of New York  
gave readings before a large and  
fashionable audience from the hotel  
and cottages Tuesday evening. His  
dialect selections were especially  
good. Mr. Babbitt has booked three  
weeks at Bar Harbor and some days  
at the resorts nearby.

Mr. and Mrs. E. R. Payson and  
Master Prentiss Payson with Mr.  
and Mrs. E. S. Anderson and Master  
Donald Anderson of Portland  
spent from Friday to Monday here.

Mr. J. O. Sawtelle and a party of  
ten from Springfield, Mass., will  
arrive on Saturday next and have en-  
gaged rooms for the season.

Mrs. Andrew Farnsworth of New  
York, a well known Christian Science  
healer, and a party of three are pro-  
jecting visiting The Hamilton for a  
number of weeks beginning the 24th.

Social life is getting more active  
and with the semi-weekly hops now  
under way and the further plans of  
Proprietor Paine to add to the en-  
joyment of the Saturday evening oc-  
casions by several Portland friends  
who are musical artists, these week  
end parties will be the talk of the  
Bay among the fashionable set. Cards  
were sent out Tuesday for the in-  
formal hop of last evening. The  
music was of the usual high order.

## NEW CHURCH ON CHEBEAGUE.

ACTIVE COMMITTEE INCLUDING  
MANY SUMMER RESIDENTS  
PLANNING BENEFIT SALE.

Will Be Held In Hill Crest Hall Aug.  
6, from 3 to 5 and 7 to 10 P. M.

Last Friday evening a commit-  
tee composed of residents and sum-  
mer people interested in the new  
church project met at the home of  
Mr. and Mrs. Howard S. Hamilton  
to discuss plans for the purpose of  
raising funds. The permanent or-  
ganization behind the scheme com-  
prises J. S. Crowley of Beverly,  
Mass., chairman, Howard S. Ham-  
ilton of Chebeague, treasurer, C. H.  
Lunt of Beverly, secretary, Mr. Al-  
fred E. Hamilton and Mrs. Howard  
S. Hamilton of Chebeague. This  
standing committee has already made  
good progress, and have acquired a  
very desirable lot on the Cleave's  
property on the main road, north of  
the Post Office, and at the present  
time have \$200 in the treasury. This  
sum has been raised in past seasons  
by the co-operation of residents, cot-  
tagers, and guests at the hotels. An  
active committee have undertaken  
the task of preparing for the sale  
which is to be held in Hill Crest  
Hall, Aug. 6, from 3 to 5 and from 7  
to 10 p. m. The officers chosen are,  
Mr. John S. Crowley of Beverly,  
chairman; Mrs. John Hutchison of  
Arlington, N. J., secretary and Mrs.  
Howard S. Hamilton of Chebeague,  
treasurer. Cottagers, hotel guests,  
and permanent residents are repre-  
sented on the committee, and all are  
working together to make the affair  
a successful one. The committee  
will gladly receive suggestions and  
co-operation on the part of anyone in-  
terested. Admission to the sale  
will be obtained by being tagged,  
which is a novel scheme and takes the  
place of tickets. Several new and  
clever ideas will doubtless be carried  
into effect, and the sale bids fair to  
accomplish more than last year.
